They've launched their very own behind-the-scenes show, Mic'd Up w/ Niah! 🎬🎙️

One of our youth took the initiative to grab a camera, pick up a microphone, gather her friends, and spread love all around the Chapel. That's leadership, creativity, confidence, and ministry in action!

We're especially proud that they've been inspired by our very own **Terrion Randolph**, who has been leading the way through podcasting and showing what's possible when you use your gifts for God's glory.

This is what happens when young people are empowered to create, serve, and shine. We can't wait for you to see what they've been working on!
